WELCOME TO OUR MONTHLY ROUND-UP AUGUST EDITION

Your support reached seven countries this August, turning into water, hot meals and shelter across Gaza, Morocco, Nigeria, Senegal, Somalia, Sudan and Syria.

In Gaza, Human Appeal continues to support children through education and psychological support, alongside providing clean water, hot meals and medical aid. In Somalia, we are providing medical aid to several patients and training families on how to manage their livestock for sustainable incomes.

In Sudan, we continue to provide water daily, and distributed temporary shelters to families displaced by conflict. And in Syria, Al Imaan Hospital continues to provide vital medical care, as we provide hearing aids to children and begin to rehabilitate houses damaged in the conflict.

We also supported communities in Morocco, Nigeria and Senegal, helping to provide shelter and long-term opportunities.

We could not have provided shelter, water, food and education without your support. Thank you.

Read on to see the full impact of your support this August.
