YEMEN

WELCOME TO OUR MONTHLY ROUND-UP AUGUST EDITION

In August, we continued our efforts to support communities in need around the world. In Bangladesh, we responded to devastating floods by distributing emergency response kits. In Gaza, we provided hot meals, bread bundles, and clean water, while our mobile clinics offered much-needed medical aid. In Iraq, we delivered school kits and provided business skills training to young entrepreneurs, helping them build a brighter future. In Morocco, we set up modular houses and built a small school and vocational training centre, ensuring that children and young people have access to education and opportunities to learn and grow. In Pakistan, we constructed water wells, planted trees in celebration of Pakistan's Independence Day, and provided school supplies and uniforms to children. In Somalia, we distributed fresh meat to recently displaced families, supplied

medical equipment to the Ministry of Health, and offered cataract surgeries to those in need. Meanwhile, in Syria, we continued to support displaced Syrians with medical care through Al Imaan Hospital, the mobile clinic, and the Al Zohoor health centre. We responded to a scabies epidemic in a displacement camp, distributed daily bread bundles, expanded housing in Al Yasameen village, continued building Al Zohoor school, and added a new wing to Al Imaan Hospital. Additionally, we improved conditions in displacement camps by paving roads and building bathroom facilities. In Yemen, we strengthened the country's medical infrastructure by organising a meeting to provide medical equipment to a cancer centre, while also supporting local farmers by offering coffee production resources and training.

Read on to learn more about our field work in each country over the past month.

BANGLADESH

EMERGENCY RESPONSE

Following the floods that struck Bangladesh, Human Appeal immediately acted to support **200** flood-affected families in the Cumilla district, providing them with emergency survival kits. These kits included staple foods like rice and lentils, as well as hygiene items such as soap and towels, in quantities sufficient to last 2–3 weeks.

Bangladeshi child holding the emergency kit provided by Human Appeal.

EMERGENCY RESPONSE

Human Appeal continues to support families in Bangladesh with emergency response kits, providing **700** families with emergency survival packages, containing food and hygiene items.

Mother and child sitting with the emergency response kits.

GAZA

We've been working in Gaza since 1991 and we remain on the ground with the Palestinian people, delivering every single day during this emergency.

1,620,597

people received
hot meals

62,507

food parcels

Hot meals distributed in Gaza.

FOOD SECURITY

Human Appeal distributed **502,053** hot meals in Gaza to **108,792** families.

Water tanks being filled up at a water truck.

HEALTH

Our mobile clinic provided healthcare to **3,392** people in Gaza, focusing on the area of Khan Younis.

Bread bundles being distributed in Gaza.

FOOD SECURITY

Human Appeal distributed **502,053** hot meals in Gaza to **108,792** families.

Patient's being examined in Gaza.

HEALTH

During August, our mobile clinics provided healthcare to **12,112** people, with their medical services available to a total of **2,348** families.

FOOD SECURITY

Human Appeal dispatched **20,000** food parcels from Jordan to Gaza, under the personal supervision of our CEO, Dr. Mohamed Ashmawey.

Food parcels being packed before being loaded into the convoy.

IRAQ

EDUCATION

We distributed school kits, containing stationery and other school supplies, to **140** sponsored orphan children in the Anbar Governorate.

Young student with a bag containing his school supplies.

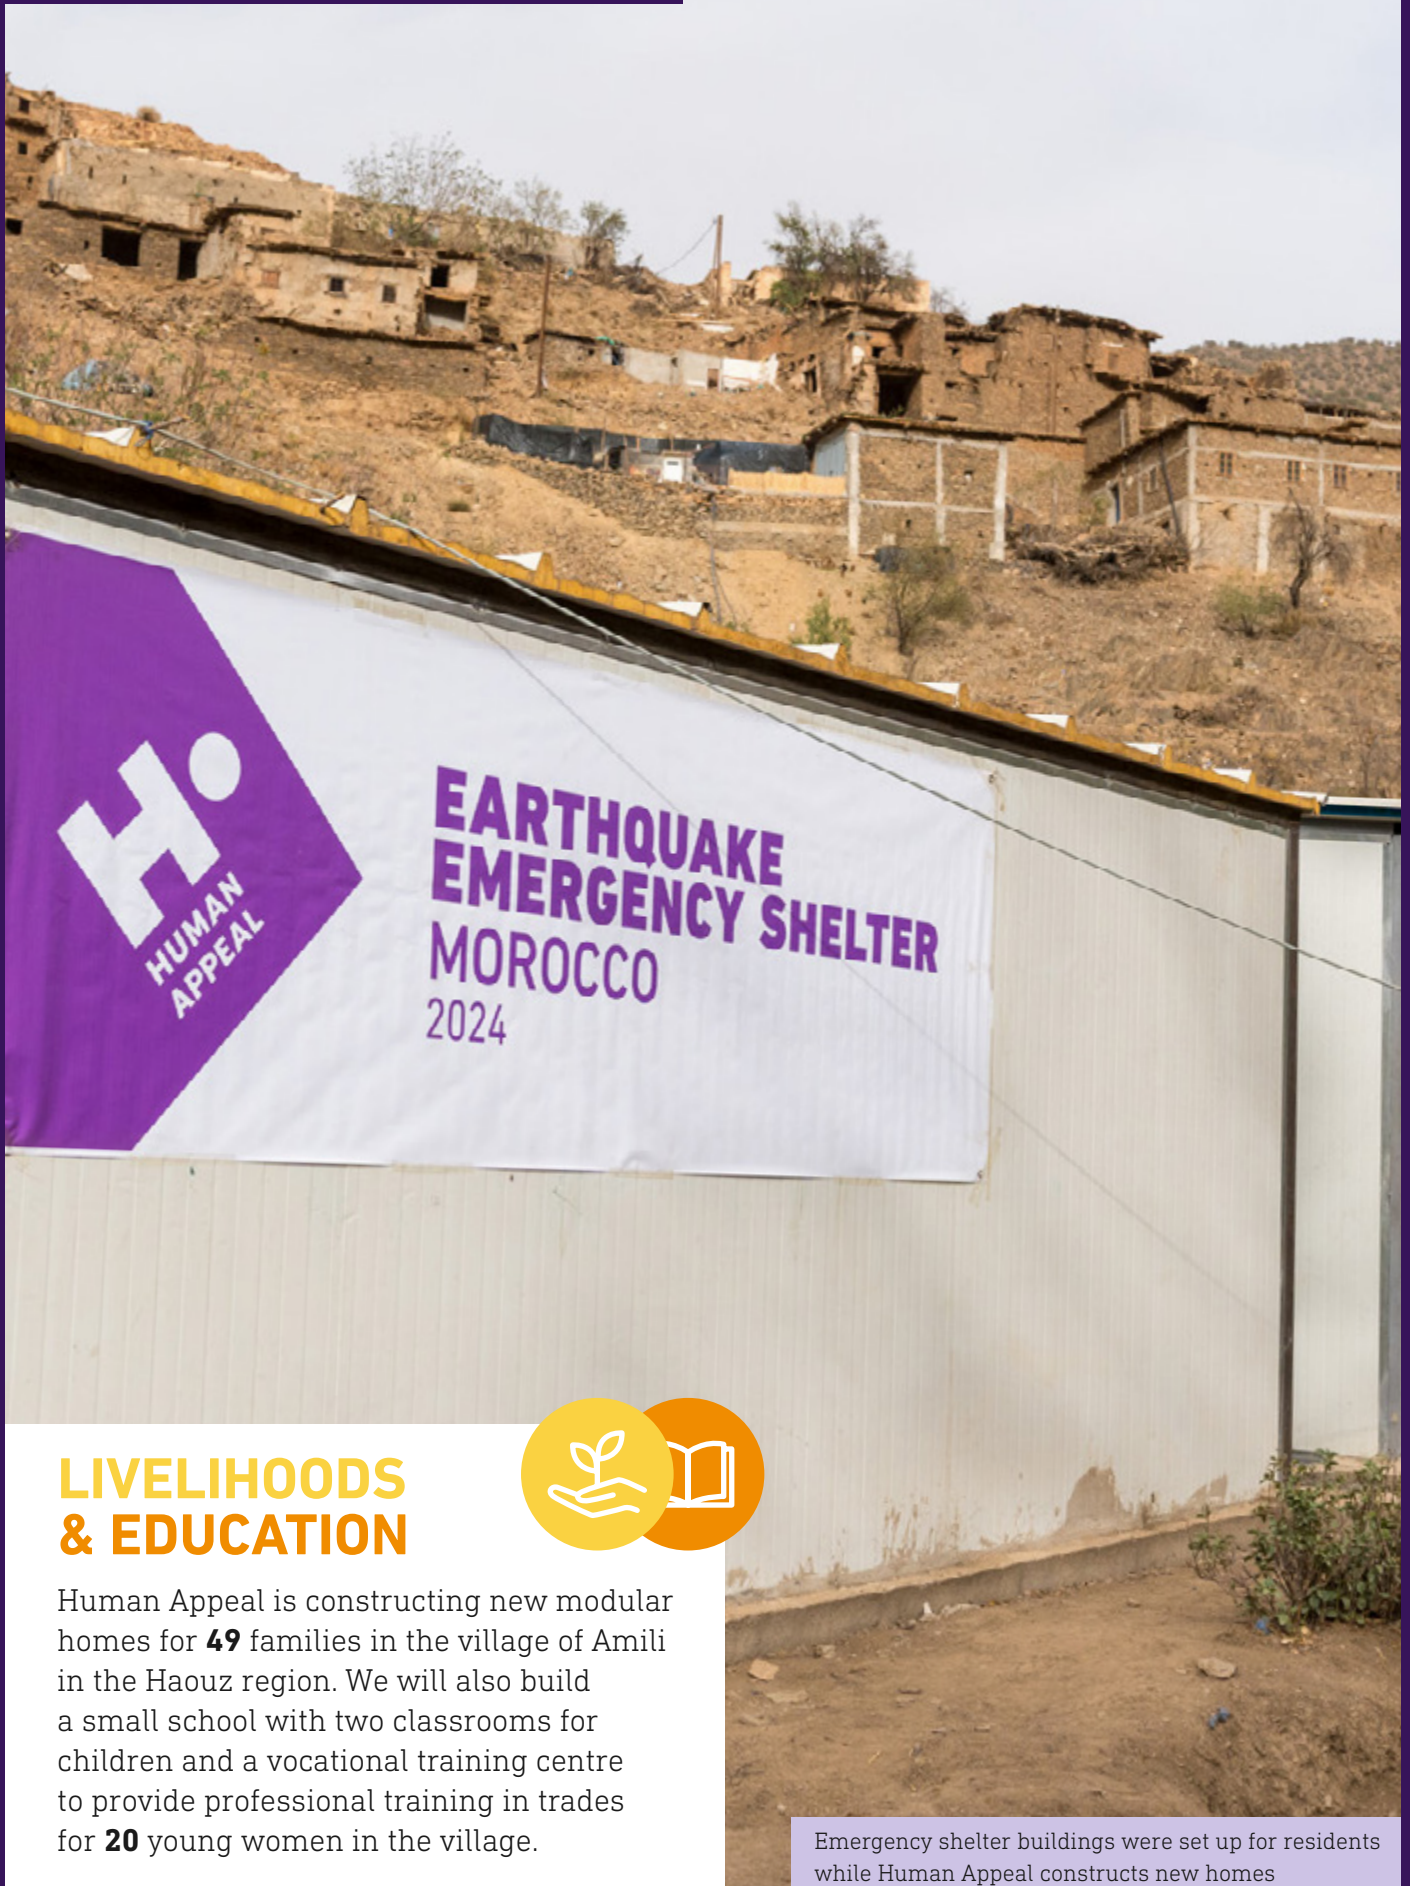

LIVELIHOODS

Human Appeal provided business skills training to **73** young entrepreneurs in Anbar Governorate over seven days, promoting long-term livelihood opportunities. This training helps them establish small income-generating projects that stimulate economic growth in local communities and contribute to sustainable livelihoods for families.

Young entrepreneurs making notes on their training.

MOROCCO

LIVELIHOODS & EDUCATION

Human Appeal is constructing new modular homes for **49** families in the village of Amili in the Haouz region. We will also build a small school with two classrooms for children and a vocational training centre to provide professional training in trades for **20** young women in the village.

Emergency shelter buildings were set up for residents while Human Appeal constructs new homes

PAKISTAN

WASH

(WATER, SANITATION AND HYGIENE)

We established seven water wells in Dera Ismail Khan, positioning them in the centre of their respective communities, ensuring they can have access to clean and safe water.

Child sitting by one of the newly built water wells.

Tree saplings being planted in Pakistan.

EDUCATION

Human Appeal has supported over **100** orphan children in the district of Rawalpindi by providing them with new school uniforms and supplies to encourage and support their education.

Young girl who has just received a new rucksack containing school supplies, as well as a new uniform and shoes.

WASH

(WATER, SANITATION AND HYGIENE)

To celebrate Pakistan's Independence Day, we planted trees to combat climate change and ensure a greener future for Pakistan.

SOMALIA

FOOD SECURITY

Human Appeal Somalia distributed fresh meat to **240** households at the Xaqdhawr displacement camp, providing recently displaced families with fresh mutton.

Somali woman with a bag containing the fresh mutton.

Medical supplies being removed from the truck and handed over.

HEALTH

Human Appeal provided the Ministry of Health and Human Services with **3,400** essential medicines, **1,381** non-medical supplies, and **45,776** medical supplies, including hygiene kits, disposable goggles, and protective glasses. This effort was conducted in collaboration with AmeriCare.

HEALTH

Human Appeal provided cataract examinations to **150** people living in displacement camps in the Kahda and Deynile districts. Of those examined, **28** were found to have cataracts and received surgical operations. Individuals without cataracts received consultations and treatment for any other medical conditions identified during the examinations.

Cataract surgery in progress.

SUDAN

FOOD SECURITY

Human Appeal is providing daily hot meals to thousands of displaced people in Omdurman city and the Kharri locality. Additionally, we are delivering **100** meals to patients at Alnow Hospital and **200** sandwiches to **100** family members of those patients.

Child holding one of the sandwiches provided.

SYRIA

HEALTH

Al Imaan Hospital in Sarmada provided medical care to **12,245** people over the last month, and delivered **394** children, performing **99** C-sections.

Child being examined at Al Imaan.

Doctor diagnosing a patient at the mobile clinic.

HEALTH

The mobile clinic operating in Syria provided medical care to **1,619** people over the month of July, providing free examinations, treatment and medicine.

Prescription being written at Al Zohoor Health Centre.

HEALTH

The Al-Zohoor Health Centre provided health care to **6,780** people over the last month, treating more than **200** people per day. The health centre contains several departments, such as a first aid department, an inpatient clinic, a paediatric clinic, a gynaecology clinic, a pharmacy, a dental clinic as well as a psychosocial support clinic.

HEALTH

Human Appeal has completed the construction of two additional wings at Al Imaan Hospital, expanding its capacity to better meet the monthly needs of the surrounding displaced population.

Al Imaan's newly built wings.

SYRIA

EDUCATION

After finishing construction on the third floor of Al Zohoor's school, our team has plastered the wall and floors and painted the outside of the building, aiming to complete the building before the start of the new school year. This school will provide a educational centre for local children who otherwise struggle to access education due distance and lack of transportation.

Plastering underway at Al Zohoor school.

Medicine for scabies being provided via a mobile clinic.

HEALTH

The Human Appeal team worked to minimise the spread of scabies in Al-Furqan camp by raising awareness about hygiene, diagnosis, treatment, and prevention, while also distributing hygiene kits to **125** families.

Bread bundles distributed in Syria.

FOOD SECURITY

Human Appeal continues to distribute bundles of bread to **718** families in the Al Kuwait and Al Amal displacement camps in northwestern Syria, providing these families with essential nutrition.

SHELTER

Human Appeal conducts periodic maintenance on seven displacement camps in Idlib, northwest Syria. This includes paving the road to Al Sheikh Bahr displacement camp and constructing bathroom blocks in several other camps.

Road to Al Sheikh Bahr camp being flattened.

SHELTER

Human Appeal conducted a questionnaire campaign in displacement camps in northwest Syria to identify families eligible for transfer to Al-Yasameen village, prioritising vulnerable groups such as families with many elderly individuals or multiple children in poor health.

Survey being taken of a family in their tent.

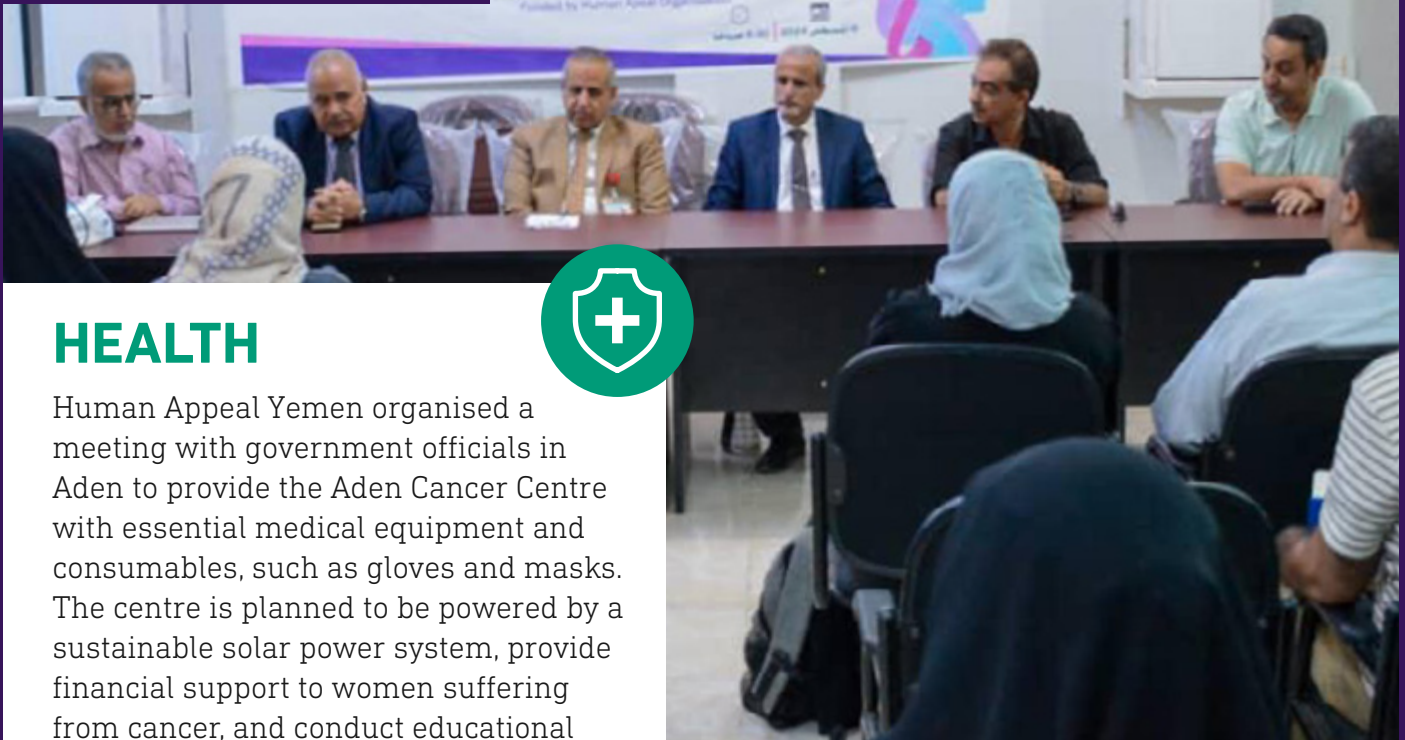

SHELTER

Human Appeal has completed the construction of **500** additional shelters in Al Yasameen village, bringing the total number of homes there to **1,500**. All that remains is to connect these shelters to the electric grid.

A number of the additional housing blocks in Al Yasameen.

YEMEN

HEALTH

Human Appeal Yemen organised a meeting with government officials in Aden to provide the Aden Cancer Centre with essential medical equipment and consumables, such as gloves and masks. The centre is planned to be powered by a sustainable solar power system, provide financial support to women suffering from cancer, and conduct educational sessions on early cancer detection.

Discussion in progress at the meeting.

The medical devices in use, helping an infant.

HEALTH

Human Appeal provided the Obstetric Emergency Centre in Aden with nine state-of-the-art incubators that deliver critical care for prematurely born infants, not only saving lives but also helping these infants grow up healthy and happy.

Coffee tree saplings being checked in preparation for distribution.

LIVELIHOODS

Human Appeal Yemen has provided **46** individuals with coffee tree seedlings, coffee dryers, and the necessary training to cultivate their own coffee trees, helping them create sustainable livelihoods.

THANK YOU

That's all for August. We hope you've enjoyed this quick insight into our work. Please share with your friends and family, and keep your eyes peeled for our next issue, which will highlight how our projects progressed in September thanks to your support.
